A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 03-18-05 has been entered.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issued fee.

The application has been amended as follows:

IN THE CLAIMS

IN CLAIM 22

Line 9; "the first and second cascode transistors" has been changed to --first and second cascode transistors-- to correct the informality in the claim.

Reason for Allowance

The following is an examiner's statement of reasons for allowance: the prior art of record (US Pat. 6,124,759) fails to teach or fairly suggest a CMOS comparator comprising: cascode transistors coupled to the first and second input transistors and having gates coupled to a bias source; a CMOS output stage comprising first and second feedback circuits for providing delay signals for turning on the pull-up and pull-down transistors at a predetermined amount of time so as to prevent any shoot through current from flowing through the pull-up and pull-down transistor as called for in claims 20 and 22. Therefore, claims 20-24 are presently allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the

issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
